Well, sort of. Lois is finished her edits and I'm looking at the emails between Steve and Charles. The current draft is #6.

Charles left me a voice mail suggesting a call w/ Mark and Lori but I don't see emails on the subject. I left Charles a voicemail.

Marc – I'll double check for your grammatical error.

The SWAC comment still has a grammatical error unless Amy has incorporated Matt Lambert's fix to that. I saw it before I left for the holidays and he had cc'd Amy on it, I think.

The eco PRG comment should indicate that the BERA document (Dec 2013) was approved. I would suggest the following edit within the 2nd sentence of the comment:

The Boards understand that site specific sediment quality values (SQVs) were developed by the potentially responsible parties (PRPs) within the **approved** Final Baseline Ecological Risk Assessment (BERA) for the site (Appendix G to the Remedial Investigation, December, 2013).

Please check with Matt on the grammatical fix to the other comment.

Thanks

Marc
